Faunistics – Faunistik

Afrotropical region – Afrotropische Region

**An additional record of the genus *Myopa* FABRICIUS
from the Afrotropical Region (Diptera: Conopidae)**

[Ein weiterer Nachweis der Gattung *Myopa* FABRICIUS aus der Afrotropis (Diptera: Conopidae)]

by

Jens-Hermann STUKE

Leer (Germany)

While working in the collection of the “Musée Royal de l’Afrique Centrale” (MRAC, Tervuren, Belgium) I found a specimen of *Myopa stigma* MEIGEN, 1824, representing the second Afrotropical record of *Myopa* FABRICIUS, 1775 (Fig. 1). Details: ETHIOPIA: Harar, 1 ♂, no date, no collector detail.

Fig. 1: *Myopa stigma* MEIGEN, 1824, ♂ from Harar.
